## CULTURAL RESOURCE CONSULTANTS

This list provides the names of individuals and firms who hold a current General Archaeological Investigation Permit for archaeological investigations on state land. This list is distributed for the convenience of those who might need the services of a cultural resource consultant. The Historic Preservation Division does not guarantee or recommend the work of anyone on this list and we advise everyone to check references and obtain at least three bids for each project.

General Permits are issued to qualified firms or institutions who employ individuals listed on the SHPO Directory of Qualified Supervisory Personnel. To be considered for inclusion on this list, individuals must submit a completed General Permit Application Form and SHPO Directory application form and required attachments to the Cultural Properties Review Committee (CPRC) c/o the Historic Preservation Division. The CPRC will determine if the applicant meets the minimum qualifications for a permit and for listing in the SHPO Directory as outlined in 4.10.8 NMAC. Please contact Michelle Ensey at (505) 827-4064 if you have any questions regarding this list.
